SECTION 2 – FINANCIAL INFORMATION

ITEM 2.02 COMPLETION OF ACQUISITION OR DISPOSITION OF ASSETS

Effective January 3, 2006, Communitronics of America, Inc., a Utah corporation (the “Company”) entered into an Agreement and Plan of Reorganization (the “Agreement”) among Resource Protection Management, Inc., a Texas corporation (“Resource Protection”) and David R. Pressler, the majority security holder of Resource Protection (“Shareholder”).

Upon the terms and subject to the conditions of the Agreement, the holders of the equity interest of Resource Protection will exchange all of Resource Protection’s equity interest for a specified number of shares of the Company’s common stock and preferred stock to be issued and the Company will acquire all of the issued and outstanding equity interest of Resource Protection, making Resource Protection a wholly-owned subsidiary of the Company.

The Financials of Resource Protection Management, LP were audited and the merger filed in the state of the Nevada. The new name will be RPM Advantage, Inc. (NV). The combine company will operate out of RPM corporate headquarters in Houston Texas.

SECTION 9 – FINANCIAL STATEMENTS AND EXHIBITS

ITEM 9.01 FINANCIAL STATEMENTS AND EXHIBITS

Independent Auditor's Report

We have audited the accompanying consolidated balance sheets of Resource Protection Management, L.P.as of December 31, 2004 & 2005 respectively and the related consolidated Balance Sheet, Income Statement, Stockholders' Equity Statement and Statement of Cash Flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion. In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Resource Protection Management, L.P. as of December 31, 2004 and 2005, and the results of its operations and its cash flows for the years ended December 31, 2004 and 2005 in conformity with generally accepted accounting principles. As discussed in Note 4, the Company has an accumulated deficit and negative working capital. These factors raise doubt about the Company's ability to continue as a going concern. The future success of the Company is dependent upon the development of a new security technology. The Company is in the process of filing for a process patent for this new technology. Management's plans regarding those matters are described in Note 4. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Notes to the Financial Statements

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES- Business description

ResourceProtection Management, L.P. ('the company') was established in Houston, Texas in 1999. The Company provides comprehensive security solutions in the greater Houston area. The company's founder recognized that businesses were unequipped with the necessary resources within the organization to develop and implement strategic plans when it came to the issue of security. Many security companies can determine what a company needs, but they are unable to provide all the services, forcing them to outsource the work to other companies. Thus was born the idea of providing comprehensive security solutions.

- Cash and cash equivalents

The Company maintains cash balances at various financial institutions. Accounts at each Institution is insured by the Federal Deposit Insurance Corporation up to \$100,000. The Company's accounts at these institutions may, at times, exceed the federally insured limits. The Company has not experienced any losses in such accounts.

NOTE 2- Property and equipment

Property and equipment are recorded at costs. Depreciation is provided for both Financial reporting and tax purposes by accelerated methods in amounts sufficient to Amortize the cost of the related assets over their estimated useful lives. Maintenance, repairs and minor renewals are charged to expense when incurred. Replacements and major renewals are capitalized.

NOTE 3 – INCOME TAXES

The Company operates as a limited partnership. Therefore, the income or loss from operations is reported on the tax returns of the members of the Limited Partnership. Federal tax provisions are not required.

NOTE 4 – LIQUIDITY

As shown in the accompanying financial statements, the Company incurred a net loss of \$18,815 and has continued to accumulate an operating deficit for the year ended December 31, 2005. The Company is currently marketing its new security technology and filing it's process patent which will, if successful, mitigate these factors which raise substantial doubt about the Company's ability to continue as a going

concern. The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classification of liabilities that might be necessary in the event the Company cannot continue in existence. Management intends to seek additional capital from new equity issuances that will provide funds needed to increase liquidity, fund internal growth and fully implement its business plan. Communitronics of America, Inc. and Resource Protection Management, L.P.
